MEMORANDUM FOR THE RECORD

SUBJECT: Time Element Concerned with Period of Duty After Home Leave

1. As a result of several inquiries, this Staff has undertaken the further clarification of the duty period following home leave under the new leave law, PL 86-707. Study of this area has led to an ancillary question, i.e.: When an individual fails to meet the post conditions of authorized home leave and is required to refund the leave, must he also rebate the travel expenses?.

2. Investigation reveals that this travel rebate question was raised earlier this year by OPSER with the DD/S, who passed it on to the Office of Personnel task force which has been handling the home leave regulation. This task force was headed by [REDACTED]. On 11 September 1961, [REDACTED] advised this office that the question of home leave travel rebate had been forwarded to the Office of General Counsel for a legal determination.

3. It has been decided that this Staff will suspend study of the basic question "period of duty following home leave?" until the Office of General Counsel makes a determination on the home leave travel.
